The mission of the organization; is to support the vulnerable with skills and materials that will help them see hope for a better future.

The Vision of the organisation; We strive to achieve a transformed society, children living healthy lives and are capable of handling life's challenges with good morals and contributing effectively in national development.

Rhac-Uganda is dedicated to the protection of children, vulnerable families and environmental protection which will strengthen sustainable future and lead towards social and economic improvements of the local communities at national level. In order to achieve this, we're committed to work with different range of stakeholders in order to foster cooperation and joint work for the purpose of achieving sustainable future and strong nationwide recognition.

Range of Activities:

Our work is divided into **five** programs:

- Education and Capacity Building
- Child Protection & advocacy
- Health care & Nutrition
- Talent Development/Expo
- Environment & Climate

Cooperation/Membership

We consider cooperation as a necessary tool for development processes. Therefore, we maintain partnerships with different stakeholders, being aware of the importance of every single pillar: local communities, authorities, other organizations and individuals at national and international level.

Dear Friends,

One of the joys of preparing an annual report is that it gives us the opportunity to look back and be thankful for all that has been accomplished. The past fiscal year was filled with wonderful opportunities and many challenges. Some of the highlights were:

- Assisted in provision of soap for terminally Ill patients specifically cancer patients.
- Strengthened our educational support program to benefit both current and future learners in schools by providing mathematical sets to schools rather than pupils to avoid carrying on mathematical lessons without sets.
- Created new after-school programs at local community center to help neglected and abused children
- Formed SRHR clubs at 6 secondary schools to promote awareness amongst youngsters
- Carried out Talent Expo where participants competed for prize and over 15 were taken to do recording of their first ever music.
- 16 environmental protection clubs were formed to promote involvement of young people in environmental protection at schools and out of school level.
